PPWR Declaration of Conformity

This Declaration of Conformity applies to the packaging materials and packaging equipment used by **HAFNER Pneumatika Kft.**

The packaging materials and packaging equipment are procured by HAFNER Pneumatika Kft. from suppliers and are used for the packaging, protection, handling, and transportation of its own products.

The packaging covered by this declaration can be clearly identified based on the item numbers, materials, and other identification data specified in Annex 1.

1. APPLICABLE EU LEGISLATION:

For the packaging covered by this declaration, conformity is demonstrated on the basis of the following EU legislation:

Regulation (EU) 2025/40 of the European Parliament and of the Council of 19 December 2024 on packaging and packaging waste, amending Regulation (EC) No 94/62/EC and Regulation (EU) 2019/1020, and repealing Directive (EU) 2019/904 (PPWR).

HAFNER Pneumatika Kft. declares that, with regard to the packaging listed in Annex 1, it has assessed compliance with the applicable requirements currently in force based on the available supplier declarations of conformity, technical documentation, and other supporting documents.

HAFNER Pneumatika Kft. does not manufacture the packaging materials and packaging equipment but procures them from qualified suppliers.

2. BASIS OF CONFORMITY

For the purpose of demonstrating the conformity of the packaging, **HAFNER Pneumatika Kft.** relies on the following documents and information available from its suppliers:

- declarations of conformity,
- technical data sheets,
- information regarding material composition,
- data relating to recyclability and recycled content,
- as well as other relevant technical documentation.

HAFNER Pneumatika Kft. maintains records of and retains the documentation available to it.

HAFNER Pneumatika Kft. declares that, with regard to the packaging materials and packaging equipment listed in Annex 1, it possesses declarations of conformity and/or technical documentation issued by its suppliers, which can be made available upon request from business partners.

3. REQUIREMENTS FOR MATERIALS AND CHEMICAL SUBSTANCES

3.1. Heavy Metals

Based on the conformity documentation provided by its suppliers, HAFNER Pneumatika Kft. declares that the combined concentration of lead (Pb), cadmium (Cd), mercury (Hg), and hexavalent chromium (Cr VI) present in the packaging listed in Annex 1 does not exceed the limit value of 100 mg/kg specified in Article 5(4) of Regulation (EU) 2025/40.

3.2. PFAS

HAFNER Pneumatika Kft. assesses the applicability of Article 5(5) of Regulation (EU) 2025/40, taking into account the intended use of the packaging materials.
The PFAS restriction specified in Article 5(5) applies to food-contact packaging. The packaging listed in Annex 1 is used for the packaging of HAFNER Pneumatika Kft.'s industrial products and is not intended for contact with food.
If, based on its application or intended purpose, any packaging material falls within the scope of Article 5(5), its conformity must be separately verified on the basis of the relevant supplier documentation.

3.3. REACH

Based on the supplier documentation available to it, **HAFNER Pneumatika Kft**. ensures that the relevant and applicable requirements under Regulation (EC) No 1907/2006 (REACH) have been taken into account with regard to the packaging materials used.
